THE LEAST OF THESE

THE LEAST OF THESE

We will pray for the least of these
For the child in the womb, we fall down on our knees
We will pray for the least of these
To be loved and accepted
Safe and protected
We will pray for the least of these

We will speak for the least of these
A voice for the voiceless, the babe no one sees
We will speak for the least of these
That eyes may be opened
Hard hearts may be broken
We will speak for the least of these

We will stand for the least of these

We will reach out our hands to their parents in need
We will stand for the least of these
Bring help to the helpless
Hope to the hopeless
We will stand for the least of these
To be loved and accepted
Safe and protected
That eyes may be opened
Hard hearts may be broken
We will stand for the least of these
We will stand for the least... of these

The three priests spoke at all the Masses, each taking a part in explaining Spiritual Adoption and asking the congregation to participate.
